## REASONS FOR ALLOWANCE

### *Remark*

- This Office Action is in response to applicant's appeal brief filed on November 21, 2007, which has been entered into the file.
- Claims 1-2, 4-11, 14 and 17 remain pending in this application.

### *Reasons for Allowance*

1. The following is an examiner's statement of reasons for allowance: in view of the arguments provided by the appeal brief and of the prior art references considered none has disclosed a *single cavity dual membrane Fabry Perot filter* that is comprised of *two membranes* each supports a *mirror structure* and each defines an *electrostatic cavity* between the membrane and a first and second substrate respectively. The first and second mirror structures are opposed each other to *define the single cavity*. The membranes are deflected with respect to the associated substrate by electrostatic forces.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Audrey Y. Chang whose telephone number is 571-272-2309. The examiner can normally be reached on Monday-Friday (8:00-4:30), alternative Mondays off.
